Heathfield LED GU10 lamps are designed to replace the traditional halogen variety offering an energy saving alternative. Depending on the lamp style you prefer we offer 2 varieties, one style is "chip on board" technology and the other being "SMD". Our COB lamps offer a wide beam angle of 90 degrees whilst the SMD version offer 60 degrees. Both versions offer dimmable and non-dimmable capabilities. Utilizing branded LED chips these products are manufactured to commercial standards to ensure true lifetime claims.
